ONE DAY

FAITH & FITNESS FESTIVAL 2026

Community Partner Packet

DATE	Saturday, October 10, 2026 • 9:00 AM – 8:00 PM	GUEST ADMISSION	Free to attend
LOCATION	Colorado UpLift Community Campus, Aurora, CO	EXPECTED	300–500+ attendees

We live in a disconnected city, where loneliness is at its peak and trust continues to erode. In Denver, nearly 1 in 3 residents report feeling lonely — among the highest rates in the state (Colorado Health Access Survey, Colorado Health Institute).

People are starving for something real, something deep. A connection they can feel. Somewhere they can belong.

But where they go can determine what's ahead.

ONE DAY exists because we believe the community is stronger together, and we can reach more people together than we ever could alone — pointing them toward Jesus, toward home, toward hope.

On October 10, businesses, non-profits, ministries, and community groups from across Denver are coming together for one day of fitness, sports, food, music, and other talents — highlighting your mission in front of an engaged local audience: families, young adults, and the Denver fitness community, while supporting something meaningful in the community you already serve.

As a Founding Partner, you can help us build the future of our city together.

One Day. One City. One Mission.

What We're Asking

- Send a volunteer team for a shift during the event — however many you can bring!
- Promote the event to your congregation, following, or people — we'll provide graphics and copy, anything else you may need
- Optionally, staff a free table in our Vendor Village to connect with attendees and share your unique mission
- Optionally, and only if you feel led, make a financial gift to keep this event free for the community

What You Receive

- A free table space in our Vendor Village (first-come, no fee)
- Listing in the event program
- Recognition & shout out in the thank-you email to attendees, and an extensive recap after the event
- The chance to be a part of a city-wide mission to move the masses

ONE DAY's long-term vision includes reinvesting surplus proceeds back into the community, with a goal of supporting the causes our Community Partners are already championing.

Ready to Partner?
